SPRINGFIELD, NJ 07081
(973) 912-2265 PHONE
(973) 912-2270 FAX**

The KNOX-BOX® Rapid Entry System was specifically developed for the fire department. With one master key, you can gain access to commercial and residential property.

Each Knox-Box purchased is keyed to a single-master key controlled by the Springfield Fire Department. The Knox System avoids waiting for a property occupant to unlock the door in the middle of the night, and also avoids forcing the door open to gain entry. The Knox Rapid Entry System reduces response time as well as property damage.

Springfield Fire Departments Approved Box: KNOX-BOX® 3200 Series

Note: It is recommended for new concrete or masonry construction, that you purchase a recessed Knox-Vault with a Recessed Mounting Kit (RMK). It also may be tied in with the burglar alarm system.

To Order: www.knoxbox.com

Important: If you cannot locate Springfield Fire Department on the Knox Box web site, or you need further assistance, please contact Knox Customer Service before proceeding. (800) 552-5669

Installation of Knox Box: It shall be 6' above grade and to the right or left of the main entrance door. Place Knox sticker on front door.

- All glass front - 6' above grade to the right or left of the rear entrance door.
- No Rear entrance - A side entrance door may be used, 6' above grade and to right or left of the door.

Exceptions: If a Knox Box is already installed at the location, please contact the Knox Box owner to seek permission to place a copy of your key in the existing Knox Box. A signed letter from the Knox Box owner granting you permission to share the Knox Box must be provided at the time of inspection.

**** YOU WILL NOT RECEIVE YOUR MUNICIPAL CERTIFICATE OF OCCUPANCY (MCO) UNTIL THE SPRINGFIELD FIRE DEPARTMENT HAS SECURED YOUR KEYS IN THE MOUNTED KNOX BOX, PLEASE CONTACT THE SPRINGFIELD FIRE DEPARTMENT AT 973-912-2265 TO SCHEDULE A FINAL INSPECTION****
